

Prusakowski, Christopher E.

Christopher E. Prusakowski passed into the hands of the Lord on July 14, 2014 at age 50 after a courageous and lengthy battle with cancer. Chris was born in Phoenix, Arizona on December 20, 1963 to Donald (deceased) and Sylvia Prusakowski. He attended elementary school at St. Thomas the Apostle and High School at Gerard Catholic High School where he played baseball and basketball. After graduating college with his degree in electrical engineering, he was employed by Lockheed Martin Missiles and Space in Sunnyvale, California for several years where he worked on the International Space Station as well as various satellite projects. He eventually returned to Phoenix with his wife Annie, where he went to work with his father at All Lighting Products, ultimately assuming ownership and expanding the company. The birth of his son, Niki, in 1999 brought him great joy. Chris was an avid sports fan and especially loved hockey. He also enjoyed classic old t.v. shows, restoring vintage juke boxes and coke machines and he loved animals and all types of music. He was a kind, compassionate man with a great sense of humor and he will be greatly missed by those who knew and loved him. He is survived by his wife, Annie, his dear son Niki, mother Sylvia, mother-in-law Konnie, sisters-in-law, Patty and Susie, and many special uncles, aunts, cousins and friends as well as his beloved dogs Bo & Luke.
